

Product Data

# Driwall™ Weep Vents

## Description

Driwall™ Weep Vents are a polyester non-woven mesh vent that ensures drainage of a masonry cavity.

The mesh vent properly spaces the bricks from one another and is placed during wall construction.

Packaged in handy boxes of 200 each for easy shipment, Driwall™ Weep Vents are the perfect product to blend an open head joint with the surrounding masonry for an aesthetically pleasing look. Standard weep vents are 2.5" x 3.5" and 0.375" thick.

## Applications

- ✓ Commercial and residential masonry cavity walls

## Features and Benefits

Is placed during wall construction and used to properly space bricks from one another

Simple installation

No microbial activity

LIMITED WARRANTY: Keene Building Products, Inc. warrants to the initial purchaser only that the goods sold hereunder will be free from defects in material and workmanship and, except as otherwise set forth herein, will conform to the specifications provided. If any failure to meet this warranty appears within one year from the date of shipment of the goods, on the condition that Keene Building Products, Inc. will correct any such failure by either replacing or repairing any defective goods, at Keene Building Products, Inc.'s option.

The preceding paragraph sets forth the exclusive remedy for all claims based on failure of or defect in the goods sold hereunder, whether such failure or defect arises before or during the warranty period and whether a claim, however instituted, is based on contract, indemnity, warranty, tort (including negligence), strict liability or otherwise. The forgoing warranty is exclusive and is in lieu of all other warranties whether written, oral, implied or statutory.
